

Please Note: For infection control purposes, we require that all items be new in original packaging or with tags. For patient safety, we cannot accept used items, breakable items, latex items, food or candy. Any toys that require batteries must have a battery compartment that is secured with a screw for choking safety. Due to hospital privacy laws and infection control regulations, donors are not able to present items directly to patients. If donations are intended for the holidays, all items must be received no later than Monday, December 18th.
